50 Million Americans - 1 in 4 children - don't know where their next meal is coming from. *A Place at the Table* tells the powerful stories of three such Americans, who maintain their dignity even as they struggle just to eat. In a riveting journey that will change forever how you think about the hungry, *A Place at the Table* shows how the issue could be solved forever, once the American public decides - as they have in the past - that ending hunger is in the best interests of us all.
